Epson **AcuLaser M7000N**

A3 mono printer for small-to-medium workgroups that is fast, dependable and straight-forward to use

Easily integrated into work environments, with network Gigabit Ethernet connectivity, this compact and reliable mono A3 printer is versatile, suiting a variety of small-to-medium workgroups' needs.

High performance
A high monthly duty cycle of up to 100,000 pages, fast print speed of 32ppm, plus a dot correction function and 1200dpi resolution, mean that the M7000N is perfect for printing a wide range of business documents.

Easy integration
The M7000N series offers compatibility for multiple users across many IT networks, making it ideal for sharing across business groups, with network Ethernet connectivity, IPv6, IPsec, PCL6 and PS3 emulations.

Versatile, reliable printing and productivity
The M7000N allows effortless switching between different paper sizes; from envelopes to A3 documents with the manual paper tray, and A3 to A4 documents with the standard convertible paper casette.

Optimised printing
Long-lasting toner supplies help optimise cost per page, resulting in a low TCO. This, combined with an ENERGY STAR-qualification for reduced power consumption and environmental impact, along with the Epson cartridge Return and Recycle program*1 means that there is no compromise between cost and ecology.

TONER CARTRIDGE COLLECTION PROGRAM

This free service helps us to collect and recycle used Epson toner cartridges in a safe and environmentally-friendly way. There are three easy ways to dispose of your empty cartridges and take an action role in reducing waste:

- Put them in a toner cartridge collection box which will be picked up once full
- Return them free of charge by Post
- Drop them off at an Epson Express Center. Please visit www.epson.com/recycle for more details about the program.

1. The Epson Return and Recycle program is not available in all countries.
